New Construction                       Existing Facility

Size of existing water line:     3/4"                       1"

<b>Irrigation Meter</b>	<b><u>Meter Size</u></b>	<b><u>Cost</u></b>
<input type="checkbox"/>	3/4"	\$ 700.00
<input type="checkbox"/>	1"	\$ 750.00

\* An additional fee will be charged for digging from main to meter including any cuts to pavement/road or boring under pavement. Fees will be the cost of a licensed contractor performing the work.

IRRIGATION METER REQUIREMENTS:

All new in-ground irrigation systems for lots platted on or after 7/01/2009 installed after application of this section that will be supplied water from the Foxfire Village water system shall be independently connected to the system and water consumption shall be measured through a separate irrigation meter.

METHODS OF CONNECTION:

An irrigation service line may be installed by a split line off the non-irrigation service line at a point between the main and the non-irrigation meter (split tap). The connection shall be performed by the Foxfire Village Water Department or a licensed contractor under the direction of the Foxfire Village Water Department.

TECHNICAL AND OTHER REQUIREMENTS:

An irrigation service line, the irrigation meter and all related appurtenances shall be installed in accordance with the same regulations, policies and procedures that apply to non-irrigation meters. A RPZ and a fiberglass above ground box are required on all irrigation meters.
